Examiner Amendment And Reasons For Allowance

Examiner Amendment

An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

The application has been amended as follows :

In the claims :

In claim 23, line 20, change "etecting" to – detecting --.

Reasons For Allowance

The following is an Examiner's statement of reasons for the indication of allowable subject matter:

The basis for the allowability is :

Prior art of record does not teach a system for detecting, identifying, and locating any mechanical malfunction, which has caused, or could cause, defects in a wafer manufactured by semiconductor process and inspection machines in the course of the actual manufacturing process or in test cycles of the machines, the system comprising: a test wafer comprising a miniature electronic recording system, which comprises at least one accelerometer and circuitry for recording data that characterizes the motion of the test wafer including fine perturbations and vibration during its progress through and between the semiconductor process and inspection machines; a computer, comprising: software for initializing and downloading recorder programs to said miniature electronic recording system before the test wafer is placed in said semiconductor process and inspection machines; software for transferring the data that characterizes the motion of the test wafer from the miniature electronic recording system to the computer.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one
